CAPABILITIES STATEMENT

COMPANY OVERVIEW

333 Holdings LLC is an Information Technology and Cybersecurity services provider specializing in secure, modern, and scalable solutions for public- and private-sector clients. We deliver expertise in system implementation, cybersecurity hardening, cloud integration, and ongoing technical support. With decades of combined industry experience, our team provides innovative, compliant, and mission-ready technology services. 333 Holdings LLC is committed to strengthening operational performance through precision, reliability, and secure IT practices.

PAST PERFORMANCE

- **Federal Enterprise IT & Field Engineering:** Delivered Tier I–III IT support and mission-critical field engineering services under prime contractor direction for federal agencies including IRS, Federal Reserve Bank, U.S. Supreme Court, White House, and DOJ; supported secure, regulated environments with strict SLA and documentation requirements..
- **U.S. Air Force – 345th Training Division (Fort Gregg-Adams, VA):** Provided system administration and IT support as a subcontractor supporting prime contractors on federal contracts; supported secure on-prem, hybrid, and cloud environments, Active Directory/Azure AD access control, cybersecurity hardening, vulnerability remediation, and CUI-handling systems.

CORE COMPETENCIES

- **Cybersecurity Solutions**
 - Threat detection & response
 - Vulnerability management
 - Access control & compliance assurance
 - Cybersecurity hardening for multi-location organizations
- **IT Modernization & Infrastructure**
 - Cloud migration & secure cloud-based architecture
 - Network configuration & optimization
 - Enterprise-level systems management
- **Technical Support & Help Desk Services**
 - Tiered support solutions
 - Troubleshooting, system maintenance & end-user support
 - Incident response and rapid resolution
- **System Implementation & Integration**
 - End-to-end deployment from planning to QA
 - Automation scripts and proprietary workflows to enhance efficiency
 - Documentation, compliance control & quality assurance

DIFFERENTIATORS

- **Highly Experienced Leadership:** Over 20+ years of combined IT experience across cybersecurity, cloud, systems management, and software development.
- **Proprietary Internal Tools:** Custom workflows, automation scripts, and security processes that improve efficiency, consistency, and compliance.
- **Quality-Driven Delivery:** Proven reliability through on-time performance, strict adherence to standards, and detailed quality-control checks.
- **Comprehensive End-to-End Solutions:** Ability to manage projects from initial assessment through deployment and long-term maintenance.
- **Mission-Critical Environment Expertise:** Experience working within regulated sectors such as government, education, healthcare, and finance.
